

GOBI FOUNDATION

Project: Gobi Ger

Location: South Gobi, Mongolia

Budget: \$1,250 for each family

Timeline: On going / On demand

Project summary:

Gobi Foundation will help buying and building a brand new Mongolian ger to families who lost their homes due to natural disaster, or simply cannot buy a home due to poverty. The Gobi region is known for their for strong wind during the Spring. Occasionally, there are perils of flood and fire destroying people's homes.

We will work with the local governments and social service agencies to identify families that need a new home. The cost includes the ger, primary furniture, transportation and building labor.
